SIGN CODE

CHANGES

✦ Round 4 ✦

Follow Up Discussion Session

The Town Sign Code needs some mandatory revisions due to Supreme Court decision in 2015. In 2017, two meetings were held to start the discussions, and on January 9, 2019, we had a workshop that allowed attendees to identify various options and provide recommendations. This session is intended to allow open discussion of the questions, ideas, and recommendations that resulted from the January 9th workshop, such as:

- ✦ A-Frames
- ✦ Projecting Signs
- ✦ Signs for Multiple Businesses
